8.6 Total available funding (Item 8.4 + Item 8.5)	2,570
8.7 Estimated quarters of funding available (Item 8.6 divided by Item 8.3)	1.5
*	

8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

- Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: The net operating cash flow for Q2 2020 is expected to be substantially less than in Q1 2020 due to a significant reduction in field activities in calendar year 2020 to date. The Company deferred the start date for its 2020 drill programme, initially planned for March 2020, pending results from a new geophysical survey at its Mt Alexander Project. In addition, other field activities were reduced so as to better manage operations in compliance with COVID-19 regulations issued by State and Commonwealth authorities.

- Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: On 5 May 2020 the Company issued a trading halt in relation to a capital raising to be completed by the Company. Commitments have been received to raise approximately \$3.6 million under a private placement through the issue of new shares at \$0.08 per share. The Company is also considering inviting shareholders to participate in a capital raising to potentially raise an additional \$1.6 million at the same price as the placement.

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: Yes, the successful capital raising launched on 5 May 2020 will place the Company in a sound financial position with adequate funds to meet its business objectives. The Company plans to commence its 2020 drill programme at the Mt Alexander Project in late May 2020.

Compliance statement

- 1 This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
- 2 This statement gives a true and fair view of the matters disclosed.

Date: 7 May 2020

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 6: Exploration for and Evaluation of Mineral Resources* and *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
